3. ,, Venkatsubbaiya, Inamdar. |

ABSENT.

1. Mr. J. G. H. Crawford. | 2. Mr. Konanur Venkatramaiya.

Note.—The Deputy Amildar of Alur was also present.

1. Read statement showing outlay on works executed by the Revenue Department from the District Funds during the year 1896-97.

Resolution.—Recorded.

2. Read statement showing outlay on works undertaken from Local Fund General during the year 1896-97.

Resolution.—Recorded.

3. Read list of incomplete works under District Funds requiring appropriation for 1897-98.

Resolution.—Funds be provided for by submitting a supplemental budget to Government.

4. Read list of incomplete works under Local Fund General requiring appropriation during 1897-98.

Resolved that sanction of Government be applied for for a grant of Rs. 20,000 from Local Fund General to enable the President to arrange for the completion of the works of previous years shown in the list and to meet the cost of several new works to be undertaken this year.

5. Read Government Proceedings No. 13699-707—L. F. 344-96, dated 25th June last, sanctioning from the District Funds of the Mysore Circle, the grant of five scholarships tenable for three years for training in native medical treatment in the Indigenous Hospital at Mysore.

Resolved that two young men may be selected and sent from this district on similar conditions.

6. Read Manjarabad Sub-Assistant Engineer's report, dated 7th ultimo, on the inspection of the Marnahalli-Kadamane road (received with Executive Engineer's docket No. 2507, dated 7th July 1897), stating that it would be waste of money to restore and maintain the road at Government cost.

Read also Resolution III of the Board, dated 28th April 1894.

Resolution.—The Executive Engineer says that he has not personally inspected the road and that he is therefore unable to say whether it is desirable to take up the road or make any grant for annual repairs.

The Board is therefore of opinion that the matter should stand over till the Executive Engineer inspects it and gives his opinion, since it has been previously decided that its repair cannot be taken up annually and that the grant of Rs. 300 referred to by the Board in their Resolution No. III, dated 28th April 1894, and paid in June 1896, was simply for constructing a bridge and restoring the track to a fairly trafficable condition.

7. Read Executive Engineer's docket No. 2725, dated 29th July 1897, proposing the advisability of maintaining the musafirkhana at Belur instead of selling it.

Read also Resolution No. 2, dated 26th June last.

Resolved, after much discussion, that the materials or the building, as it is, be sold, as originally resolved.

8. Read letter from Mr. J. G. H. Crawford, dated 28th July 1897, regretting his inability to go to Mysore to attend the ensuing Dasara Representative Assembly.

Resolution.—Mr. Tammaiya is selected instead by the non-official members present.

9. Read Executive Engineer's docket No. 2888, dated 11th instant, stating that an excess of Rs. 1,312 was incurred on the annual repairs of Manjarabad-Subramanya road during 1896-97, as the heavy damage, suffered by the road during the last year's monsoons, had to be made good and that the excess expenditure may be met from savings on the budget.

Resolved that sanction of Government be applied for to the excess being met from the savings under the head "Public Works to be executed by Revenue Officers, I. Original Works" in the last year's District Fund budget.

10. Read Executive Engineer's docket No. 2922, dated 16th instant, stating that the extention of 4 miles of Aiyahalli-Yeslúrpett road (*i. e.*, from Yeslúr to Chengadihalli) was omitted to be provided for in the preliminary issue of budget for 1897-98, for annual repairs, and that the grant may therefore be raised from Rs. 1,125 to Rs. 1,425.

Resolved that funds be provided for in a supplemental budget.

11. Read Arkalgud Amildar's report No. 1—Muzrai, dated 6th July 1897, stating that at Ramnathpur four jatras are held every year and that there will be large gatherings on the occasions. Besides, the place is much frequented by pilgrims and it contains one Government Chattram and a private Dharmasala which are quite insufficient to accommodate the number of persons expected on the occasions. The Amildar, therefore, represents the necessity for additional accommodation.

Resolution.—As no single chattram can accommodate thousands of pilgrims, temporary sheds may be built for the occasions.

12. Read Channarayapatna Amildar's report No. 249, dated 18th instant, submitting the following proposals :—

(1) The Amildar states that the appointment of a care-taker for the newly constructed musafirkhana at Srinivaspur is necessary.

Resolution.—The appointment of a care-taker is not necessary, as the Executive Engineer consents to take the building in the place of an Inspection Lodge, without detriment to public use, it being placed in charge of one of the Sowdies of the North Channel, Sri Ram Devar Dam.

(2) The road on the tank bunds near Jainvara and Sravanabelagola is not broad enough and it is therefore necessary to construct parapets on the tank side of the road to prevent danger to traffic passing over the road.

Resolution.—The question be referred to the Executive Engineer for the needful being done as he promises to see this, a reference being pending with him.

13. Read statement of works proposed to be undertaken, received from the Amildar of Hassan.

Resolution.—Of the works proposed, the following were approved :—

	Rs.
(1) Improving the pond at Heragu	400
(2) Sinking a well at Mendagere	300
(3) Sinking a well at Naganahalli	400
(4) Constructing tunnels on the road from Hassan to Halvagalkatte ..	500
(5) Repairing the road from the 115th mile, 2nd furlong of the Bangalore-Mangalore road to the Basetti Koppal	300
(6) Constructing a tunnel of 2 vents near Gownhalli .. .	300

14. Read statement of works proposed by the Amildar of the Holé-Narsipur.

Resolution.—The following works may be undertaken :—

(1) Converting the old Anche house at Yedegowdanahalli into an accommodation for travellers	250
(2) Improving the pond at Aichanhalli	500
(3) Opening a road from Yelval-Hassan road near Sirage Tope .. to join with Holé-Narsipur-Halli Mysore road ..	100

15. Read Manjarabad Amildar's report No. 46, dated 15th instant, representing the necessity for the employment of two sweepers for Yeslur on Rs. 7 each per mensem, instead of the one on Rs. 5 sanctioned, and for constructing an Inspection Lodge there, &c.

Resolved that sanction of Government may be applied for to the employment of the proposed sweepers and that the question of constructing an Inspection Lodge be referred to the Executive Engineer.

16. Resolved that it is desirable to complete the Hassan-Halebide road which is partly made, as there is good deal of traffic and is also advantageous for administrative purposes and that the Public Works Department should be addressed on the subject.

17. Proposed by the Amildar of Channarayapatna that a road from Hiresave to Nonavinkere *viâ* Didaga will be a good Railway feeder and that it should therefore be undertaken as early as possible.

Resolution.—As the road proposed passes also through the Tumkur district, the Deputy Commissioner of that district should be requested if he could arrange to make the road in his district. In the meantime, the Executive Engineer should be requested to investigate the question and frame an estimate.

18. The following papers were read for the information of the Board :—

(1) Government Proceedings No. 13938-46—L. F. 320-96, dated 30th June last, sanctioning temporarily for one year, the employment of Mestris or Work Inspectors.

(2) Government Order No. 554-62—L. F. 96-96, dated 13th July last, directing that statistical and other information regarding schools for primary education, maintained from 24 per cent of the local cess, be embodied in future District Fund Administration Reports.

(3) Government Order No. 659-49—L. F. 96-96, dated 14th July 1897, reviewing the Report on the Administration of the District Funds of the Hassan Circle for 1895-96.

(4) Manjarabad Amildar's report No. 49, dated 20th instant, stating his inability to attend the meeting.

Resolution.—Recorded.
